

# "For a better Life"

## Holy Easter 2022

# Happy Easter!

*Dear friends,*

Horrible, unacceptable are the images in which innocent lives, familiar places full of affection are destroyed, but also provocative: **"Which side are we on?"**

**You have chosen, dear friend,** with your concrete solidarity, directed there **"where help is urgent"** for the Ukrainian people, for mothers and children fleeing the war.

## **Thank you!**

Your gift is like a ray of **Light** from the **Risen One** that regenerates and unites us in the one desire: **peace**

## **Best Wishes!**

*With gratitude and affection
